

HealthSecure Gold 2024 — Member Handbook

A plain-language guide to your cover. Wording differs from the policy document on purpose, so retrieval has to work on meaning, not string matching.

Related to clause OP-3.2

Popping in for a doctor's consultation as an outpatient? We've got you covered — up to INR 1,500 each visit, and you can claim this up to six times in a policy year.

Related to clause IP-2.4

If you're 60 or older when you're admitted to hospital, you'll share 20% of the inpatient bill with us as a co-payment.

Related to clause DG-4.1

Lab tests and scans are covered, but we cap diagnostics reimbursement at INR 8,000 across the whole policy year.

Related to clause MT-5.3

Planning a family? Maternity cover kicks in once you've been continuously insured with us for 24 months.

Related to clause EX-7.1

Purely cosmetic procedures — anything done to enhance appearance rather than treat a medical condition — are not something this policy pays for.

Related to clause EX-7.4

Routine dental work isn't covered. The only exception is dental treatment made necessary by an accident.

Related to clause PH-8.1

Choosing the generic version of a medicine gets you full reimbursement. Pick the branded version instead, and we'll cover 80% of the cost, as long as a generic alternative exists.

Related to clause NW-9.2

Prefer a hospital or clinic outside our network? That's fine, but we reimburse 70% of the amount we would otherwise have paid.
